

# Immortal, Grim and Frostbitten Kingdoms

Frostbitten I became  
Forthwith to see  
Crystalized dimensions  
To where the unfaithful fly  
You might say  
I'm demonized  
but yet not the only one  
You must come to me  
There are nocturnal paths  
To follow  
Painted faces  
From earlier centuries  
Wander by desecrating winds  
Binded shadows  
Cast out from daylight  
And from the beaten lands  
Frostbitten I became  
Forthwith to see  
Crystalized dimensions  
To where the unfaithful fly  
You might say  
I'm demonized  
but yet not the only one  
You must come to me  
There are  
Nocturnal path to follow  
Enjoying the circle of eminent silence  
Amidst the glacial abyss  
Join my yearning emptiness  
And the knowing  
Of being beneath  
Grim and frostbitten kingdoms
