

Imogen Heap, Goodnight & Go

Say goodnight and go

Skipping beats, blushing cheeks
I am struggling
Daydreaming, bedscenes in
The corner cafe
And then I'm left in bits
Recovering tectonic, trembling
You get me everytime

Why do you have to be so cute
It's impossible to ignore you
Must you make me laugh so much
It's bad enough we get along so well
Say goodnight and go

Follow you home
You've got your headphones on
And your dancing
Got lucky, beautiful shot
You're taking everything off
Watch the curtains, wide open
And you fall in the same routine
Flicking through the TV
Relaxed and reclining
And you think you're alone

Oh why do you have to be so cute
It's impossible to ignore you
Must you make me laugh so much
It's bad enough we get along so well
Say goodnight and go

One of these days
You'll miss your train, and come stay with me
It's always say goodnight and go
We'll have drinks and talk about things
And any excuse to stay awake with you
You'd sleep here, I'd sleep there
But then the heating may be down again
At my convenience
We'd be good, we'd be great together
(Go)

Why do you have to be so cute
It's impossible to ignore you
Must you make me laugh so much
It's bad enough we get along so well

Say goodnight and go
(Why is it always, always)
Goodnight and go
(Darling, not again)
Goodnight and go
