

# Imogen Heap, The Walk

Inside out, upside-down twisting beside myself  
Stop that now, 'cause you and I were never meant to meet  
I think you better leave; it's not safe in here  
I feel a weakness coming on

Alright then  
(alright then)  
I could keep your number for a rainy day  
That's where this ends, no mistakes no misbehaving  
Oh, I was doing so well, can we just be friends  
I feel a weakness coming on

It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
No it's not meant to be like this, not what I planned at all  
I don't want to feel like this  
So that makes it all your fault

Inside out, upside-down twisting beside myself  
Stop that now; you're as close as it gets without touching me  
Oh no, don't make it harder than it already is  
Mmm, I feel a weakness coming on

It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
No it's not meant to be like this, not what I planned at all  
I don't want to feel like this  
So that makes it all your fault

Big trouble losing control  
Primary resistance at a critical low  
On the double, gotta get a hold  
Point of no return, one second to go

No response on any level, red alert this vessel's under siege  
Total overload, systems down, they've got control  
There's no way out, we are surrounded  
Give in, give in and relish every minute of it

Freeze, or make it forever  
I feel a weakness coming on

It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
No it's not meant to be like this, it's just what I don't need  
Why make me feel like this  
It's definitely all your fault

Feel like this  
la la la la la la la la  
It's all your fault  
(Feel like this)  
la la la la la la la la  
It's all your fault  
(Feel like this)  
la la la la la la la la  
It's all your fault  
(Feel like this)  
la la la la la la la la  
It's all your fault
