

# Impaled Nazarene, Iron Fist With An Iron Will

This is the action counter reaction  
To all things dead, crawling dead  
This is the counter action reaction  
To all living things who should be dead

Burn their bodies, parasites  
Fuck their minds, genocide

This is the tired old story of shit  
About things, all of them braindead  
This is renewal, perhaps a better end?  
About shit that ended up digested

Burn their minds, parasites  
Genocide of one of a kind  
Now that we are spilling blood  
Ignorants cry for God  
Now that we are raping their souls  
Innocents cry for more  
Thus we finally came this far  
Got what you prayed for  
Useless fucking digested shit  
Turn around and suck this:  
Iron fist with an iron will

[Music & Lyrix: Luttinen]
