

Impaled Nazarene, Mortification / Blood Red Razor

Mutilate - fear of the afterlife
Dawn, burn, then you f**king die
As your body rots away
Lucifer, bring me the f**king pain

Goat

Kill, kill at the first sigh
Pain, pain you will f**king die
Kill, killing he wants to see
Satan, rape underaged f**ks for him

Wrath

Mutilate, for master you (all) now die
Praying, and still you f**king die
Satan, Satan is the only way
Killing, the most f**ked-up sin

Goat

Burning, burning in your mind
Prepare, prepare to f**king die
As your body rots away
Bleeding, (to) bleed is the hardcore sin

Wrath
