

Impaled Nazarene, We Are Satan's Generation

We are Satan's generation and we don't give a f**k
Virtues, values and innocence all long dead and gone
chorus: Infernal blood runs in our veins
Alcohol and drugs is what we need and take
We need no stupid f**king conscience
Go get f**ked if you are not one of the bestial ones
We are Satan's generation and we don't give a f**k
We shit on you, on your stupid God and on his bastard son
repeat chorus
We are Satan's generation and you will give a f**k
For soon we will take over and kill all you scum
repeat chorus
