Impellitteri, On And On

It goes on and on all through the day On and on, my love will remain Don't you know it's never too late To turn the hand of fate There you were, burned by love Left a bitter taste, a heart of stone Now you're strong and you start walking Leaving me all alone I don't care what the neighbor's thinking I don't care, what do they know All I need is to feel your lovin' A memory that's never been sold When are you coming back for me I know it's soon I know the sun will shine again I'll wait for you It goes on and on into the day On and on, my love will remain Don't you know it's never too late To turn the hand of fate On and on into the night Can't you see, our love is so right Holding on, I'll never let go My love will never fade Here I stand, my heart's wide open Take my hand, we'll start again Trust in me, tomorrow is coming I don't need to understand When are you coming back for me I know it's soon I know the sun will shine again I'll wait for you It goes on an don into the day On and on, my love will remain Don't you know it's never too late To turn the hand of fate On and on into the night Can't you see, our love is so right Holding on, I'll never let go My love will never fade On and on into the day On and on, my love will remain Don't you know it's never too late To turn the hand of fate On and on into the night Can't you see, our love is so right Holding on, I'll never let go My love will never fade On and on all through the day On and on, my love will remain On and on, it's never too late On and on, to change your fate On and on...
