

# Impellitteri, Play With Fire

You can see it in your life  
You can feel it hold you tight  
And I know just where you go  
'cause you're hiding from the light  
You can't deny the fear in your mind  
Walk before you run 'cause you're  
Under the gun  
Feeling it burn inside,  
Knowing what's on the line  
There's still time to turn away  
You've only just begun  
To play with Fire  
Play with Fire  
You keep spinning like a wheel  
You're still looking for a deal  
Take your dreams and tie you down  
Steal your time you're losing ground  
You can't believe what you never see  
Open up your eyes  
Escape to the light  
Hearing the words they lie  
Promising paradise  
There's still time to turn away  
You've only just begun  
To Play with Fire, Play with Fire  
Play with Fire, you Play with Fire  
No don't listen to liars  
They'll never take you higher  
Now turn away  
You're Playing with Fire!  
You can see it in your life  
You can feel it hold you tight  
Take your dreams and tie you down  
Steal your time, you're losing ground  
You can't deny the fear in your mind  
Open up your eyes, escape to the light  
Feeling it burn inside  
Knowing what's on the line  
There's still time to turn away  
You've only just begun  
to Play with Fire  
Play with Fire  
You Play with Fire
