

In This Moment, Sanctify Me

I smell blood
Your fire, your pain
I know that you hurt
And suffer like me
I smell love
Your fear, your shame
I can tell you're fucked
And damaged like me

Feed your faith
Your hate, your rage
I see who you are
You're guilty like me
Feed the dark
Your panic, engage
I know what you are
You're desperate like me

Go ahead, set me free
Wash away this dirt in me
I wanna feel more holy
Take away this hurt in me
Show me
Who I am inside your light
Give me just what I need
Baptize and sanctify me

Baptize and sanctify me

Hear my voice
My words, my name
I know how to save
Someone like me
Hear thy lies
Your truth, these games
I know every secret
Nobody sees

Feel the wrath
Your doom, these flames
I know why you feel
So empty like me
Feel the force
The chaos, engage
Don't you forget
We are the same

Go ahead, set me free
Wash away this dirt in me
I wanna feel more holy
Take away this hurt in me
Show me
Who I am inside your light
Give me just what I need
Baptize and sanctify me

Sanctify me
(Sanctify, sanctify me)
(Sanctify me)
(Sanctify, sanctify me)
Sanctify me
(Sanctify, sanctify me)
(Sanctify me)
(Sanctify, sanctify me)

Sanctify me
(Sanctify me)

Go ahead, set me free
Wash away this dirt in me
I wanna feel more holy
Take away this hurt in me
Show me
Who I am inside your light
Give me just what I need
Baptize and sanctify me
Baptize and sanctify me
Baptize and sanctify me
