

Inara George, Fools Work

Life can be hard, but it can be good to you
Saving all your money like a fool, but you know better
It can be cruel

Listen awhile, and I will sing to you
Pull apart my body and you'll see my heart is beating
And so I'm free

I've been good to you
I've been good to you

what have i put you through?
No, I've been good to you
oh, haven't I been good to you?

I've been good to you
I've been good to you
what have i put you through?
No, I've been good to you
oh, haven't I been good to you?
