

# Incognito, Fountain Of Life

(J.P. Maunick)

Chase the sunrise, people come together  
Feel the glory of the new day  
Feed the feeling, gather friends and strangers  
Come together make it stay this way

Chorus:

Looking for the fountain of love  
We fell into a cool paradise (He yeah hey yeah)  
The rythm of the sand and the sea  
Is where we've always wanted to be  
I've been looking

(Looking for the fountain of love)

Searching

(Fell into the cool paradise)

I've been in search of paradise  
(The rythm of the sand and the sea)

Sand and sea

(Where we've always wanted to be)

Wanted

Always, wanted

Always searching for a new direction  
Your heart desires a better state of mind  
Mother nature will provide the feeling  
In the sunshine, happiness you'll find

Chorus

We've been holding on

Waiting for this day to come our way

Holding on

We've been holding on

Waiting for the light to shine our way

(Holding on)

Always waiting

Sayin' (free me, free me, free me)

Chorus
