

Incognito, Incognito

(Incognito)

The man behind the mask

(Incognito)

At the masquerade's board?

(Incognito)

Can you see through his disguise?

(Incognito)

Is he a friend of yours

(Incognito)

The man behind the mask

(Incognito)

A face you can't conceal?

(Incognito)

I can see through your disguise

Standing in the dark

Hidden in the crowd

(Incognito)

Trying to see your face

Chasing shadows through

(Incognito)

the night

(Incognito)
