

# Incognito, More Of Myself

(J.P. Maunick)

From the moment that we met I knew  
I'd want to give all of myself to you  
Now wherever I may be  
I'd even brave the stormy sea  
Won't tarry on a shore  
That keeps me from your door  
'Cos I'm missing you  
More, more, more, of myself  
I want to give  
More of me to you  
More, more, more, of myself  
I want to give  
More from me to you  
Every time I dream it's you I find  
Running through the blossoms in my mind  
I know I'll love you endlessly  
Because the love you give to me  
Gets me at the core  
And leaves me wanting more  
Yes I'm missing you
