

# Incognito, Spellbound And Speechless

(J.P. Maunick)

Across a crowded room, set apart from it all  
You took my breath away (yes you did)  
Like a sparkle in the dark  
You smiled and I knew  
That you would make my dreams come true

Chorus:

Spellbound and speechless

Spellbound

Spellbound and speechless

Spellbound

Spellbound

It's unbelievable, I hardly know you at all

Still you make me feel this way

You're unpredictable

In all the things that you do

Now my heart belongs to you (Yes it does)

Chorus

I'm bein' true to myself

With every word I say in all the things I do

And though you may not feel the same,

You know I'm there for you

I can't stop lovin' you

Spellbound, spellbound, spellbound

Chorus x 3

Repeat (Fade)
