

# Incubus, Earth To Bella, Part I

Earth to Bella  
You think you've got it all figured in  
Earth to Bella  
Everything you know is wrong (Well, almost)  
Earth to Bella  
I see where you are not listening  
I bear the burden of being the voice that let's you know  
We all grow old  
And before you swim you've gotta be okay to sink

Earth to Bella  
The world can be an unfriendly place  
So hold your head up  
Do your best to save some face  
It's not so hard  
Just undo yourself and see your second sun  
Ascend

Okay to sink  
I'm okay to sink  
I'm okay to sink  
I'm okay to sink
