

# Incubus, Shaft

Who am I?

I am I.

Who are you?

You are me!

Why can't I get it straight?

No!

Why can't I see it straight?

Shaft!

We can't let you,

we can't let you go.

Shaft! Shaft! Shaft! Shaft!

I'll get a new one, then!

I take a look, a look around, gas limited.

I take a look around,

I tell myself I live again!

I take a look, a look around, gas limited.

I take a look around, I tell myself I live again!

Why can't I get it straight?

No!

Why can't I see it straight?

Shaft!

We can't let you,

we can't let you go.

Up until this day;

I take a look, a look around, gas limited.

Up until this day;

I look around, I tell myself I live again!

Shaft....

where's Lorena when we need her?
