I woke up this morning you were the first thing on my mind I don't know were it came from all I know is I need you in my life, yeah You make me feel like I can be a better woman If you just say you wanna take this friendship to another place

[Chorus:]

Can I walk with you through your life Can I lay with you as your wife

Can I be your friend 'till the end

Can I walk with you through your life (fades away)

You've got me wondering if you know that I am wondering about you. This feeling is so strong that I can't imagine you're not feeling it too. You've known me long enough to trust that I want what's best for you. If you want to be happy then I am the one that you should give your heart to.

Till the day that the world stops spinning.

Can I walk with you
Till the day that the birds no longer take flight
Till the moon is underwater
Can I walk with you
