

# India.Arie, Interested

Your favorite food  
What you like to do  
Your favorite color  
Or any other  
Thing on your mind  
That you'd like to share  
'Cause I could stay here  
And listen to your every word

[Chorus:]  
Because I'm interested  
Can I be an instrument  
In changing your life  
Is that alright?  
Because I'm interested  
I'd rather be with you instead  
Of anyone else

Because I'm interested in your middle name  
Now don't be ashamed  
Its between me and you  
Everything that we do  
So let your guard down because  
There's a new girl in town  
Gonna turn it around  
I hope that you are down

[Chorus]  
I'm wide open, no more secrets  
No more lies  
Don't wanna look like a fool  
But I will  
For you  
So I'll beg  
I'll scream (I'll beg, I'll scream, I'll call, write)  
I'll call  
I'll write  
If that's what it takes for you to be in my life

[Chorus to end]
