

# India.Arie, Purify Me

[Verse 1:]

Easy like Sunday mornin  
like an angel callin  
he takin me all in  
I'm embrassin him with my skin  
Like a glimmer of light  
like a vision of life  
and he's so perfect I couldn't picture him if I tried

[Bridge 1:]

see some may come  
some may go  
but I'll follow you wherever you're the perfect mate for my soul  
and I know I loose control whenever I'm around you cause you given me

[Chorus:]

Your hand  
and that's more than enough  
your glance  
is like jumpin in the river of  
Jordan  
purify me baby [x2]

[verse 2:]

It's summertime always  
like it's sunny out all day  
whenever you smile  
sweeter than momma's homemade  
and I thought every man was made the same way  
but a world of smoke and ashes boy your are milk and honey

[Bridge 2:]

see some may come  
some may go  
but fill me up with your love  
you're nourishment to my soul  
and I know I loose control  
whenever I'm around you  
cuz you given me

[Chorus]
