"Free Through Eternity" is an Amy Ray song from "Color Me Grey".
Free Through Eternity.

Soft in the morning
Love without warning
Peace 'cause there's no disguising it
When it's love, you can't hide from it
Now, I don't want to be the shadow
When you find your new life
I only want to hold you in the dead of night
But you don't have to search for me
You don't have to set yourself free
You are free through eternity
Now, I have learned to sing with a steady mind
Fill the void, and pass the time
And face this ground, and erase the blue
When I leave the scene, it all comes down to you
You don't have to search for me
And you don't have to set yourself free
You are free through eternity
Now I know it's gotta be hard to find
That blessed balance - that fine line
But turn around and bless me
Or let me go in peace
I can meet you halfway
And give you all you need
But you don't have to search for me
And you don't ever have to set yourself free
You are free
Eternity
Eternity
You are free eternally
You are free.
