

# Indigo Girls, Scared To Say Were Friends

scooter boys and argentineans  
europe shed the blood of the indians  
here i sit in the land of plenty  
crying about my own virginity  
hey blue blood you're nothing new  
see i come from priviledge too  
a chapter in the book on the americas  
and your just another colonial terrorist  
scooter boys and argentineans  
europe shed the blood of the indians  
here i sit in the land of plenty  
crying about my own virginity  
yeah  
yeah  
yeah  
yeah  
way down south where the maya reign  
zapata reading poetry in his grave  
they say we're stealing from the best  
to feed the poor  
well they need more  
scooter boys and argentineans  
europe shed the blood of the indians  
here i sit in the land of plenty  
crying about my own virginity  
yeah  
yeah  
oh  
yeah  
yeah
