

# Indra, Party Going On

There's a party going on (party going on)  
Where I feel I belong (feel I belong)  
There's a party going on (party going on)  
Where I feel I belong (feel I belong)  
So can you feel my soul  
Love is in my soul  
So can you feel my soul  
Love is in my soul

I'm trying just to get away,  
I'm going out tonight  
I don't care about the price I pay  
I'm just feeling right  
I don't say that I'm out for love  
Adventure will be fine  
Everyone is fun tonight,  
Party till the morning light

I'm doing what I have to do.  
My feelings I won't show  
I wish I could go home with you  
I guess you won't say no  
Don't make me lose my faith in you  
And give me all I need  
Everyone is fun tonight,  
Party till the morning light
