

Infectious Grooves, Violent Funky

You want funky? We got funky!

Who's got funky? We got funky! You said funky

Violent & Funky!

Violent & Funky (4x)

Sticks and stones may break some bones but a .357

gonna blow your damn head off

You take the pen and I'll take the sword, you can write

some shit till I cut your fuckin' head off

(Chorus:)

You want funky? We got funky! What kind of funky?

Violent & Funky!

Violent & Funky (4x)

Do unto others as you do unto yourself

'course for me that's damn easy 'cause I hate myself

A penny saved is a penny earned, but a stolen case of

beers gets you a hell of a lot drunker

Early to bed, early to rise, makes a man healthy wealthy

and boring

It ain't over till the fat lady sings and the big bitch is

choking on a chunk of salami

(Chorus)

You know it's snapped lika Mutha, you know we're

snappin' lika Mutha

(Chorus)

You know we're snappin' lika Mutha
