

Informatik, Physical Education

The escapade has just begun
And endless source of inspiration
Only you know how to show me physical education

Words I'll tell you in my mind
Cheap perfume and candlelight
To the pleasure in my eyes
Am I running out of time?

Worlds are turning in my mind
Cheap perfume and candlelight
See the pleasure in my eyes
Am I running out of time?

I don't know

The energy in growing strong
An exercise in self-containment
You are everything I dream of
Miracle in slow motion

(chorus)

The ritual has come and gone
So sensual and entertaining
You know how to make me feel good; physical education
