

Information Society, If It's Real

The two of us have seen it all
The good times and the bad
Life can be so cold
When you think of what you've had
The time has come to make a change
I'll follow where you lead
I can be so warm
If I get what I need
I always fail
Whenever I try
To explain to you
The reason why
I don't know what you're thinking
And I don't know how you feel
But I only want to be with you
If it's real
Only if it's real
And when I learn you feel the same
The future and the past
We can make a change
This time things can last
And every time I think of you
I can't believe it's true
The world can seem so old
But I'm born anew
