I'm not exactly in the mood for Mozart, so

To the city
To, to, to the city

Look at the world
It's a complicated place
And it's hard to keep the pace
You've got to wear a smiley face

If you've got to believe in something
Believe in peace
It can be so easy
If you've got to believe in someone
Believe in me
It can be so cheesy

Welcome, welcome
