

Injected, Dawn

she threw me away, yesterday
her deadbolt locks i feel no shame
she always wondered if i'd bend or if i'd break
you wanna disappear from here?
til daylight comes we'll have no fear.
you pick the place, come closer, whisper in my ear
anywhere but here

locked out till way past dawn again
strung out before and i never win
want to sleep but sleep's just a dream that slips from my hands

i bite my lip just enough to stay awake.
i never wonder if i'll bend or if i'll break
let's disappear, no fear
wake up a thousand miles from here
you pick the place, come closer, whisper in my ear
anywhere but here

she let me down anyway
but i won't be around
you let me down anyway
but i won't be around
