

Inna, Everything or Nothing

Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me

Baby I'm outta the way
If you're not here to love me
If you're not giving me all
'Cause I need it all
There's nothing left to say
If you're not here to listen
I want you hundred percent
I need it all

So tell me my baby
You're in for the highs and lows?
'Cause I know, I know
I know what I need and
I really don't wanna go
So just give me

Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me
Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me

Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me
Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me

You know I'm not into games
Don't pass me by I'm right here
Don't you just give me a half 'cause I need it all
I need something serious
I need whole thing to the fullest
All of my patience is gone
But I need you the most

So tell me my baby
You're in for the highs and lows?
'Cause I know, I know
I know what I need and
I really don't wanna go
So just give me

Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me
Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me

Everything or nothing

Everything or nothing
Everything or nothing
Could you give me, give me
Everything or nothing
Everything or nothing
Everything or nothing
Could you give me, give me
