

Inner City, Do You Love What You Feel

You got such a happy gaze like you walk around in a daze.
Do you love what you feel ? Down inside you know that it's real.
You want to shout it out loud that you got your head in a cloud ?
Inside the natural way you know what I mean when I say:

Do you love what you feel ?
Do you love what you feel ?

Nothing to keep you down
when there's lots of love to be found

you've got the right to be
just what you want to be.
Good feelings overflow when they have a big place to grow.
Do you love what you feel ?
- You know it's real !
Do you love what you feel ?
Do you love what you feel ?
Do you love what you feel ?

Nothing to keep you down when there's lots of love to be found

...
Do you love what you feel ?
