

# Innuendo, Can't Wait (the Proposal)

hey lovely lady  
what's on your mind  
I've been trying to figure it out  
all through the night  
if it is about us  
I guess I know just what to say  
'cos I've been waiting for all my life  
for this particular day  
now that we are all alone  
I want you to know  
baby throw your rears away  
I just have to say  
Bridge;  
I can't wait another day without you  
every single minute seems so long  
I can't imagine no one else beside me  
you're the one I always want  
to come home to  
my only woman  
don't you be afraid  
I could never lay a hand  
on your pretty face  
don't you ever think  
that I could be untrue  
as far as I'm concern baby  
the future is you  
Chorus;  
I wanna hold you , all through the night  
I wanna please you , hold me tight  
I need you to be in my life  
just say you want me to be your man  
so won't you come with , take my hand  
'cos I want you to be my wife  
Repeat chorus
