I Been chasing a girl from letters to Cleo  
But she broker 'n me though, Mariah Carey man forget it  
If O.D.B. hit it I can't fuck wit it!  
Nothing against Ol' Dirty or nothing but  
I know he at least got herpes or something  
I wouldn't mind fucking Brittany Spears  
In a cheap hotel wit them ceiling mirrors  
Wit that bitch in a couple of weeks  
I'd have her hooked on crack rock working the streets  
All them hoes fantasize about juggalo scrubs  
In between they thighs  
But they too scared to let it be  
So instead they fuck Ricky Martin and pretend its me!

[Chorus 2X]
