

# Insane Clown Posse, Yellow Bus

[Shaggy 2 Dope:]

When I was a little boy they used to laugh at the mini bus  
We was special wasn't many of us  
Where did we get to go all day? We went to happy land  
See me pressed up on the glass smillin' waving my hand  
I like y'all in a hurry tryin' ta get to go where y'all go  
Our little special yellow bus grip through town extra slow  
We don't get shot in our class we happy all damn day  
You see the little yellow bus comin' f\*\*k out the way

[Violent J:]

I'm in the little yellow bus who wants us to pick 'em up  
Come on  
Scoop us up  
Come on and scoop us up  
I'm in the little yellow bus who wants us to pick 'em up  
Come on  
Scoop us up  
Come on and scoop us up

[Shaggy 2 Dope:]

All these bitches never see me I waggle my penis  
I'm ridding in the little yellow bus 'cause I'm a f\*\*king genius  
We got our own class and y'all ain't got ta pass  
You might see us threw window if ya cut across the grass  
But that's all you will get we on some high level shit  
Get back to your class with the masses where you're easy to forget  
I'm in the little yellow bus ridding on that bitch laughing  
Oblivious to the wicked world outside and what's happenin'

[Violent J:]

I'm in the little yellow bus who wanna ride wit me  
Come on  
Scoop us up  
Come on and scoop us up  
I'm in the little yellow bus who wanna ride wit me  
Come on

Scoop us up

Come on and scoop us up

[Shaggy 2 Dope:]

Lights flash when we grippin' by 'cause we in here whillin'  
We livin' on our own shit while y'all worry 'bout stylin'  
We ridin' on past sometimes haters try to diss us  
By we so f\*\*king happy we can't help but let it miss us  
We floating on the chain we ain't gotta maintain  
We in our little yellow bus 'cause we ain't the same  
We out here bendin' corners and we ain't f\*\*king with stress  
And where we're headed that's for only us to know and you to guess

[Violent J:]

I'm in the little yellow bus who wants us to pick 'em up  
Come on  
Scoop us up  
Come on and scoop us up  
I'm in the little yellow bus who wants us to pick 'em up
