

# Instalok ft. Kurt Schneider, Blame The Jungler

Died level 1, Riven's dumb  
Why did my jungler start blue?  
I'll try again, TP back in  
Now I'm 0 and 2

A level down, lane's frozen now  
So much CS that I've missed  
The jungler comes and lands his stun  
But I just an assist

No matter what goes wrong, it isn't me  
Every lane is on a killing spree

Blame the jungler  
When you go 0 and 8  
Blame the jungler  
When they got three fire drakes

If you lose lane, then start to flame  
Launch your verbal assault  
Blame the jungler  
'Cause it's always his fault

You took inhib while we were mid  
Why are you never with the team?  
Pulled two bot as we go top  
You made us die 4v3

Baron spawned, it's probably gone  
It's not worth to go in  
Flash into five, get a lucky Smite  
Why are you feeding their Jhin?

No matter what goes wrong, it isn't me  
I think we all know why this is GG

Blame the jungler  
When you go 0 and 8  
Blame the jungler  
When they got three fire drakes

If you lose lane, then start to flame  
Launch your verbal assault  
Blame the jungler  
'Cause it's always his fault

Why'd you take my pentakill?  
I told you I needed peel  
You got no kills, what's there to steal?  
Just push mid, let's end the game  
Let me back, buy my GA  
What's the point? We got an ace

Blame the jungler  
When you go 0 and 8  
Blame the jungler  
When they're destroying your base

Blame the jungler  
When you go 0 and 8  
Blame the jungler  
When they got three fire drakes

If you lose lane, then start to flame

Launch your verbal assault  
Blame the jungler  
'Cause it's always his fault
