

Interpol, Barricade

I did not take to analysis
So I had to make up my mind
And hold it for a while
I would not just leave you without a kiss
But I guess there must come a time
And there is no more tears to cry
Thieves and snakes need homes, need homes
Barricade
It starts to feel like a barricade that keep us away
to keep us away, it kind of does
It starts to feel like a barricade to keep us away
Keep us away

I could not lean on the politics
cause I didn't want to train my eye
To hold so short a time
Oh so high, just don't know where
The blind could lead the sightless
but I still like to witness
thieves and snakes need homes, need homes
Barricade

It starts to feel like a barricade that keep us away
to keep us away, it kind of does
It starts to feel like a barricade to keep us away
Keep us away
full speed half blind full tilt decline
We turn to past times
Full speed half blind
You know us, you know us...
Say I'm sorry

Sometimes it feel like a barricade that keep us away
to keep us away, it kind of does
It starts to feel like a barricade to keep us away
Keep us away you know us

Full speed half blind full tilt decline
we turn to past times full speed half blind
full speed half blind full tilt decline
onto all time full speed half blind
