Interpol, Evil

Rosemary
Heaven restores you in life
You're coming with me
Through the aging, the fearing, the strife

It's the smiling on the package It's the faces in the sand It's the thought that moves you upwards Embracing me with two hands

Right will take you places Yeah maybe to the beach When your friends they do come crying Tell them now your pleasure's set upon slow release

Hey wait Great smile Sensitive to fate, not Denial But hey, who's on trial?

It took a lifespan with no cellmate A long way back Sandy why can't we look the other way?

He speaks about travel
Yeah we think about the land
We smart like all peoples
Feeling real tan
I could take you places
Where you need a new man?
Wipe the pollen from the faces
Make revision to a dream while you wait in the van

Hey wait Great smile Sensitive to fate, not Denial But hey, who's on trial?

It took a lifespan with no cellmate Find a long way back Sandy, why can't we look the other way? You're weightless, you are exotic You need something for which to care Sandy why can't we look the other way?

Leave some shards under the belly Lay some grease inside my hand It's a sentimental jury And the makings of a good plan You've come to love me lightly Yeah you've come to hold me tight Is this motion everlasting Or do shudders pass in the night?

Rosemary Oh, Heaven restores you in life

I spent a lifespan with no cellmate A long way back Sandy why can't we look the other way? You're weightless, semi-erotic You need someone to take you there Sandy why can't we look the other way? Why can't we just play the other game? Why can't we just look the other way?
