

Interpol, Go Easy (Palermo)

Go easy
Go easy
Go easy
Go easy
Don't matter what you bring
Come on

I felt fated for so long
Now all these harbingers have their say
While I'm rolling out my face to the harbor
Somebody's shelter can more than reach your soul

Go easy
Don't matter what you bring
Go easy
Don't matter what you bring

I'll keep pushing it forward
Now all the obstacles in my way
Have been falling
I take shape on the highway
To exotic states
You must celebrate to behold

At the yard sale
The bride's veil is there

Come on
Go easy
Don't matter what you bring
Come on
Go easy
Don't matter what you bring
Come on
Go easy
Don't matter what you bring
Come on
Go easy
There's a matter what you bring
Come on
Go easy
Don't matter what you bring
