

Intestine Baalism, Alastor Possess

Behind the mirror I saw my lamentable fate....
Evil lilita blazing red, astrologer weeping.... apparition in my dream
Terrified, destined as Baal. Amon. Amy. Gaap.... Necromancy is my will
Unforeseen, unknown, under the clouds I collapse
Who whispered look at the children, pregnant women
Nemesis' sickness is early, Gomory is slave of gold
Luxurious way... virtue
Sodomize all of paradise, capture all of saints
....hades' darkness comes
Antichrist's profanation, Beelzebub and Satan's lineage
....the incarnation of desperate
Rhadamanthus judge, Alastor execute at the gate of hell
Lightning strike across the sky.... all false kings were swept
Under the cross I beg for mercy, Alastor's sadness... alas
Most evil beast menaces christians, butchering them the most evil way
Occultic number of Sun Daemon.... dark moon of temptation
