

# Inuyasha, My will (english version)

I wake from my sleep and face the day,  
But I have the hope to reach you someday,  
I cannot go on take other steps,  
'cause my way's not easy to go.  
No, even I do really wanna see you,  
I need to take my time,  
Spend some days alone, being by myself, will be all I do.  
If, doesn't exist an everlasting love, in which I could believe,  
I got hurt because, I was very awkward  
Know it but I don't want no losing, no!  
Thinking of you made me cry, so my eyes  
They were filled with tears, and all I've got,  
Is my will to be with you again.  
Thinking of you made me cry, so many times  
The only thing left in this song was you,  
And I have my will to be with you someday...  
I felt like I was so independent, then I kept the words, and I want you to know,  
You are the one who made me smile when it summed up, too, for a face.  
I wost more time, then, go to take the chance to say these things to you,  
When the day will come, I'll be strong enough  
My quest for peace allowed,  
No chance to sound.  
Thinking of you made me cry, so my eyes  
They were filled with tears, and all I've got,  
Is my will to be with you again.  
Thinking of you made me cry, so many times  
The only thing left in this song was you,  
And I have my will to be with you someday...  
Thinking of you made me cry, so my eyes  
They were filled with tears, and all I've got,  
Is my will to be with you again.  
Thinking of you made me cry, so many times  
The only thing left in this song was you,  
And I have my will to be with you someday...  
Thinking of you made me cry, so my eyes  
They were filled with tears, and all I've got,  
Is my will to be with you again.  
Thinking of you made me cry, so many times  
The only thing left in this song was you,  
And I have my will to be with you someday...  
So my eyes,  
They were filled with tears, and all I've got,  
Is my will to be with you someday...  
Thinking of you made me cry,  
The only thing left in this song was you,  
And I have my will to be with you someday...
