

INXS, Afterglow

Here I am, lost in the light of the moon that comes through my window
Bathed in blue, the walls of my memory divide the thorns from the roses
It's you and the roses

Touch me and I will follow in your afterglow
Heal me from all this sorrow
As I let you go I will find my way when I see your eyes
Now I'm living in your afterglow

Here I am, lost in the ashes of time, but who wants tomorrow?
In between the longing to hold you again
I'm caught in your shadow, I'm losing control
My mind drifts away, we only have today

Touch me and I will follow in your afterglow
Heal me from all this sorrow
As I let you go I will find my way
I will sacrifice 'til the blinding day when I see your eyes
Now I'm living in your afterglow

When the veils are gone as I let you go, as I let you go

Touch me and I will follow in your afterglow
Heal me from all this sorrow
As I let you go I will find my way, I will sacrifice
Now I'm living in your afterglow

Bathed in blue, the walls of my memory divide the thorns from the roses
It's you who is closest
