

INXS, Let It Ride

The sky is blue I'm watching you
The grass is green what does it mean
Clouds are white don't lose that fight
Generations oversight is fucking up my poetry

Let it ride, ride, ride
Ride, ride, ride
Ride, ride

Caught in between
The sun and the moon and the stars
Caught in between
The sun and the moon and the stars
Caught in between
The sun and the moon and the stars
Caught in between
The sun and the moon and the stars

The sky is blue I'm watching you
The grass is green what does it mean
Clouds are white don't lose that fight
Generations oversight is fucking up my overdrive

Let it ride, ride, ride
Ride, ride, ride
Ride, ride, ride

Let it ride, ride, ride
