INXS, Let It Ride

The sky is blue I'm watching you The grass is green what does it mean Clouds are white don't loose that fight Generations oversight is fucking up my poetry

Let it ride, ride, ride Ride, ride, ride Ride, ride

Caught in between The sun and the moon and the stars Caught in between The sun and the moon and the stars Caught in between The sun and the moon and the stars Caught in between The sun and the moon and the stars

The sky is blue I'm watching you The grass is green what does it mean Clouds are white don't loose that fight Generations oversight is fucking up my overdrive

Let it ride, ride, ride Ride, ride, ride Ride, ride, ride

Let it ride, ride, ride
