

# INXS, Newsreel Babies

Venetian blinds are crackling  
I like the noise  
It's got texture  
Hit it again when I'm mad  
Close it again when I'm sad

With the door closed I'm a king  
No questions, no answers  
Don't like talking without reason  
What's the use if you stop feeling?

All alone I'm cynical to the T.V  
Newsman's making passes to newslady  
Camera stops - Newsreel babies

I like to close all the doors  
Make it dark, make it cool  
Come in and talk  
Whatever you like  
I don't mind if it's something new
