

Ira Losco, 7 th Wonder (Eurovision 2002)

7 degrees, Im down on my knees
Waiting for the man to put me under his span
7 o five he works in a side
giving me the eye in lives my spirit time
His passion burns and my loves takes a turn
Im reborn in a life wheres love to survive
Is it good, is it bad, am I simply going mad
is it fiction of that, am I really losing tad
is it magical, logical, natural - I wonder
hes got the makings of my 7th wonder
73 kisses for me
whisper through the silence his feelings for me
Softly deeps, my cherry with lips, so were essence of the
hope on which my love can flow
his passion burns and my love takes a turn
Im reborn in a life wheres love to survive
Is it good is it bad, am I simply going mad
is it fiction of that, am I really losing tad
is it magical, logical, natural - I wonder
hes got the makings of my 7th wonder
on 7 seas weve seen no mystery
turning it into the true reality
reality
Is it good, is it bad, am I simply going mad
is it fiction of that, am I really losing tad
is it magical, logical, natural - I wonder
hes got the makings of my 7th wonder
Im away came a strong that is up to I belong
I could fly down and high
for his love I learned to fly
is it magical, logical, natural - I wonder
hes got the makings of my 7th wonder
is it fiction or a matter of fact - 7th wonder
is it fiction of a matter of fact - 7th wonder
