

Iron Maiden, Judgement Of Heaven

(Steve Harris)

A lonely cry for help peaching out for help to anymore
A silent prayer to god to help you on your way
I've been depressed so long
It's hard to remember when I was happy
I've felt like suicide a dozen times or more
But that's the easy way, that's the selfish way
The hardest part is to get on with your life

You're searching in the dark clutching at straws to find a way
You take the tarot cards and throw them to the wind
You ? question your beliefs your inner thoughts,
Your whole existence
And if there is a good then answer if you will
And tell me of my fate, tell me of my place
Tell me if I'll ever rest in peace

If you could live your life again
Would you change a thing or leave it all the same
If you had the chance again
Would you change the thing at all
When you look back at your past
Can you say that you are proud of what you've done
Are there times when you believe
That the right you thought was wrong

All of my life I have believed
Judgement of heaven is waiting for me

All of my life now I have believed
Judgement of heaven awaits for me...
