## Iron Maiden, Lord Of The Flies

(Steve Harris and Janick Gers)

I don't care for this world anymore I just want to live my own fantasy Faith has brought me to these shores What was meant to be is now happening

I've found that I like this living in danger Living on the edge it makes feel as one Who cares now what's right or wrong it's reality Killing so we survive wherever we may roam Wherever we may hide we've got to get away

I don't want existence to end We must prepare ourselves for the elements I just want to feel like we're strong We don't need a code of morality

I like all the mixed emotion and anger It brings out the animal the power you can feel And feeling so high on this much adrenalin Excited but scary to beleive what we've become

Saints and sinners Something within us We are lord of the flies

Saints and sinners Something willing us To be lord of the flies
