

Iron Maiden, Out Of The Shadows

(Dickinson/Harris)

Hold a halo round the world
Golden is the day
Princes of the Universe
Your burden is the way
So there is no better time
Who will b born today
A gypsy child at day break
A king for the day

Out of the shadows and into the sun
Dreams of the past as the old ways are done
Oh there is beuty and surely there is pain
But we must endure it, to live again

Dusty dreams in fading daylight
Flicker on the walls
Nothing new your life's adrift
What purpose to it all?
Eyes are closed and death is calling
Reaching out its hand
Call upon the starlight to surround you

Out of the shadows and into the sun
Dreams of the past as the old ways are done
Oh there is beuty and surely there is pain
But we must endure it, to live again

Out of the shadows and into the sun
Dreams of the past as the old ways are done
Oh there is beuty and surely there is pain
But we must endure it, to live again

Out of the shadows and into the sun
Dreams of the past as the old ways are done
Oh there is beuty and surely there is pain
But we must endure it, to live again

Out of the shadows and into the sun
Dreams of the past as the old ways are done
Oh there is beuty and surely there is pain
But we must endure it, to live again

A man who casts no shadow has no soul
