# Iron Maiden, Reach Out

(Colwell)

It's over your head
And you don't seem to understand
One word I say
And you can't live your life
Trying to run away

You're fighting your friends
You're wearing everybody out
But it never ends
You're wearing me out

[Chorus:]
Come on
Reach out
And let somebody in your life

Don't get me wrong
You always apologize
It's just your way
Of making a scene
You need to be loved
It's not such a crime

[Chorus]

Over your head
You just don't seem to understand
One word I say
And you can't live your life
You got so much love
It's burning inside

[Chorus]
