

# Iron Savior, Running Riot

I'm burning up  
There's a fire in me  
The creature is rising  
It wants to break free  
The city is waiting  
It's calling my name  
I'm ready to be in the game

Mr. Hyde  
Rules the night  
While poor little Jekyll  
Stays home alone  
The Devil is smiling  
The Angel will loose  
And all hell is about  
To break loose

Like a volcano  
I need to explode  
I'm diving in  
To lust and sin  
To be a fool  
To break the rules

I'm running riot (riot)  
No one will stop me tonight  
Riot (riot)  
Until the morning light  
Sworn to fun  
Loyal to none  
Except the devil  
And my favorite gun

All my senses  
In anticipation  
Of a perfect performed  
Devastation  
Fever is rising  
There's no compromising  
The Beast is unleashed  
There's no turning back

Duties and routine  
Keep tying me down  
Unlock the cage  
To leave the maze  
To be a fool  
To break the rules

I'm running riot (riot)  
No one will stop me tonight  
Riot (riot)  
Until the morning light  
Sworn to fun  
Loyal to none  
Except the devil  
And my favorite gun

I can't resist  
My temptations no more  
The overload  
Must explode  
I'll be a fool  
Breaking the rules

I'm running riot (riot)  
No one will stop me tonight  
Riot (riot)  
Until the morning light  
Sworn to fun  
Loyal to none  
Except the devil  
And my favorite gun
