

# Iron Savior, Wings Of Deliverance

[Music and Lyrics by Sielck]

Far beyond the horizon  
far beyond the setting sun  
I am carving a way  
through barren land  
holding on to my memories  
they are keeping me alive  
making me strong  
they're making me stand  
hot, dusty canyons  
I have been through  
My heart is burning for ya  
ohh it's bleeding for you

wings of deliverance  
bring me home  
wings of deliverance  
carry me home

and whenever I'm closing my eyes  
it is you that I have on my mind  
echoes of what I had to leave behind

10.000 miles of torture  
10.000 miles of pain  
but nothing, nothing is keeping me from ya  
I'm coming back to you again

wings of deliverance

...

held in captivity  
in a cold, damp prison cell  
locked up in a cage  
I have been given hell  
but never to be broken  
I always did resist  
and then I took my chances  
to vanish in the mist

[solo]

[Martin - Piet - Martin - Piesel - Piet]

wings of deliverance  
bring me home  
wings of deliverance  
carry me home
