

Isabel, Will my heart survive

I am lonely
alone again
is this really just a moment where it ends
A fallen angel
a broken dream
will it end now like a low movie scene
I know for sure
my dreams come true
can't you feel what hope can do

Refrain:

Oh will my heart survive
I know you are the only one
Heart the lover for my life
Oh baby will my heart survive
Survive my love is here but you are gone
keep this love alive
It's not easy
just one more try
is this really just a moment where I do fly
I am sorry
just take the time
or you'll never find a bigger love than mine
Oh please don't go
Don't break my heart
I miss you so
don't tear apart

Refrain 1x

Oh will my heart survive
I know you are the only one
The lover for my life
Oh baby will my heart survive
